

Ugly by Sugababes

- Listen and complete:

When I was
They said I was
I noticed that my eyes and hair weren't the
I asked my parents if I was
They said you're more
And that's the way they show that they wish
That they had your
So my confidence was up for a while
I got real comfortable with my own
I knew that they were only jealous cos

People are all the same
And we only get judged by what we do
Personality reflects name
And if I'm ugly then
So are you
So are you

There was a when I felt like I cared
That I was than everyone there
People made me like life was unfair
And I did things that made me ashamed
Cos I didn't know my would change
I grew than them in more ways
But there will always be the one who will say
Something to make them feel great

People are all the same
And we only get judged by what we do
Personality reflects name
And if I'm ugly then
So are you
So are you

People are all the same
And we only get judged by what we do
Personality reflects name
And if I'm ugly then
So are you
So are you

Everybody ... bad about somebody
And never ... how it affects somebody
And you bet it won't be forgotten
Envy is the ... thing it could be

Cos people are all the same
(The same, the same)
And we only get judged by what we do
(What we do, yeah, yeah)
Personality reflects name
And if I'm ugly then
(Yeah, you)
So are you
So are you

People are all the same
(Oh, oh, oh)
And we only get judged by what we do
(What we do, yeah)
Personality reflects name
And if I'm ugly then
(Yeah, so are you)
So are you
So are you

- Let's talk about bullying:
- 1. What is bullying? See what students know about this topic. If they are not familiar with it, tell them to find the meaning in the internet. Students finally write a definition on the blackboard using ideas from the internet.
- 2. What would you do if a friend's of yours is being bullied? In groups or pairs students write their own ideas and they share later with the whole class.
- 3. Write a letter to a bully. (Pair Work)
- 4. Project: Students make a power point presentation on the topic. They have to include: definition, what to do in case of being bullied, look for pictures to insert in it.
